1845-1855

The majority of houses along the west side of this block of Patapsco St. are small, two story, two bay wide gable-roofed brick houses built in the 1850's to provide inexpensive housing for the growing numbers of new workers arriving in the area, many of whom were recent immigrants. A number of these houses have recently been renovated and now serve a mixed commercial/residential use. 1000 Patapsco St. has been remodeled as a two story, shed roofed house with bracketed cornice; 1026 and 1042 Patapsco St. are two story plus attic, two bay wide brick houses. The houses along Patapsco St. were generally built by the owners of the houses located on the western sections of the lots, facing on S. Charles St.

DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This two story brick house with gable roof was built in the 1850's and formed part of a group of such houses extending along this side of Patapsco St.

The house is two stories in height, 12 1/2' wide, and occupies a lot 40' deep. The house is two rooms deep and there are no rear additions. The house is constructed in common bond. The low-pitched gable roof has a two-tier brick cornice. There are single chimneys located along both the front and rear roof gables on the south side of the house.

All of the door and window openings have splayed brick lintels. The sills on the first floor openings are stone; those on the second floor windows seem to be wood, covered with aluminum siding. All of the window openings are filled with 1/1 double hung sash. There is a modern six panel door set beneath a single light transom. The house sits on a low basement, the entrance being reached by two stone steps. A square-shaped coal opening is located beneath the first floor window.
